

Another **Diesel** Converted.

*PowerMax™ : pursuit of power*

Feel the difference with our exclusive line up of PowerMax Turbo Upgrade Kits for select heavy duty diesel pick up trucks. They are capable of over 500 hp and 900 lb/ft torque that will lower EGT's and provide massive airflow improvements over your stock turbo. With Garrett's OEM proven technology you get unequaled durability to take your power to the next level. Visit [www.TurboByGarrett.com](http://www.TurboByGarrett.com) to find out more about the PowerMax line and to locate your nearest PowerMax Authorized Distributor.
